

SNAPSHOT SURVEY

The purpose of this Snapshot Travel Survey is to gather information about how people travel to this building. The results will be used to see if your organisation is achieving targets which have been set to increase the use of more sustainable transport (such as public transport, cycling and car sharing).

You can fill in your survey on line, or you can use this survey form.

All employees are asked to spend a few moments completing the survey and returning it

to:.....by (date).....

1. Female Male
2. Post code: (If you do not want to give your full post code then please give the first section and the first number of the second section, eg. NE9 5)
3. Fill in the table below with a "X" to indicate your method of transport in both columns. If you use more than one method then please indicate only the one which involves the longest part of your journey:

	Method of transport today	Usual method of transport
Walk		
Bicycle		
Motorcycle		
Metro		
Train		
Bus		
Taxi		
Car driver by yourself		
Car Share (as driver)		
Car Share (as passenger)		
Other (please specify)		

Thank you for taking the time to complete this survey.
